New Video on Need for New Critical Care Centre

We are excited to showcase our newest video on our capital campaign, A Foundation for Care. This video highlights the important need for a new ICU, and what the funds will support.

Gala Is Another Success!

October 4th, 2025 held our 33rd Annual BRHC Foundation Gala Dinner & Dance. With another fun, energetic crowd we were able to have a night filled with great food, followed by a wonderful evening of music performed by the Graydon Cramer Band.

Proceeds go towards our Capital Campaign, A Foundation for Care, and our WestJet Raffle will go to the NICU/Pediatric Units. Thank you to all of our committee members, sponsors, and attendees!

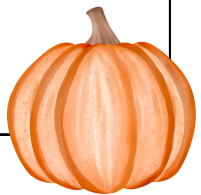

CAPITAL CAMPAIGN GOAL INCREASES TO \$4 MILLION!

June 2024 marked the official launch of our capital campaign, A Foundation for Care, with the goal of raising \$2 million to support the

construction of the BRHC's new Critical Care building, along with needed equipment. The project will feature a new 16-bed Intensive Care Unit on the main level, approximately 30 additional medical beds, an outdoor courtyard, mechanical space, and shell space for potential future expansions.

In June 2025, just one year after the launch of the campaign, the BRHC Foundation has increased their fundraising goal to \$4 million to further support the project. As of September 2025, we are over 30% of the way!

ELTON COLLEGIATE YOUTH IN PHILANTHROPY PROVIDES TURTLE TUB FOR NICU

The BRHC Foundation was the recipient of the Elton Collegiate 2024 Youth in Philanthropy grant that was generously given through the Brandon and Area Foundation (BACF). This grant was designated towards the purchase of a Turtle Tub - Cart for the Neonatal Intensive Care Unit (NICU) at the Brandon Regional Health Centre. The Turtle Tub allows for swaddle bathing of newborns which keeps the

newborn warm and calm during the bathing process. The mobile bathing station provides ease of use, infant safety, comfort, and infection control while keeping the newborn warm and comfortable. The Turtle Tub also allows for the parent to partake during the bathing process transforming bathing into a positive experience. Thank you to the Elton Collegiate 2024 Youth in Philanthropy and to BACF for your generous support for babes and parents at Brandon Regional Health Centre!

Proceeds support the purchase of 5 Treatment Chairs
for the BRHC Outpatient Care Unit & our Capital
Campaign in support of the new Critical Care Centre.

Third-Party Fundraising Highlights

Jordan Old Memorial Golf Tournament

The 3rd Annual Jordan Old Memorial Golf tournament was another day filled with family and friends in memory of Jordan Old.

This year funds were once again split between STARS & the BRHC Foundation, with our portion of proceeds going toward the new Critical Care Centre. The tournament raised over \$33 000, the most raised so far!

Kick Cancer's A\$\$

Organized by three-time cancer survivor Darlene Paquette and team of friends, the Kick Cancers A\$\$ Committee held a fundraising social that brought in over \$17 308.98. These funds were directed to the Western Manitoba Cancer Centre here at the BRHC.

Congratulations Darlene & team on a successful fundraiser!

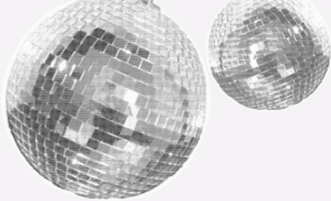

Monster Truck BBQ

Some of our staff and board attended the Heritage Coop Monsters & Mayhem event. Thanks to the generosity of Heritage Co-op, the Monsters & Mayhem crew, and those who attended, we ran a BBQ that raised over \$1900 in 2 hours towards the NICU & Pediatric Units!

A huge thank-you to Heritage Co-op for sponsoring the BBQ food, equipment, & supplies!

Thank you
to all of our donors,
fundraisers, and supporters!

CHEMTRADE COMMITS \$100 000 TOWARDS CRITICAL CARE

The Brandon Regional Health Centre (BRHC) Foundation is proud to announce a generous donation of \$100 000 from Chemtrade Logistics, a valued Brandon business committed to supporting our region's health care. This major gift will be directed to the BRHC Foundation's capital campaign, A Foundation for Care, in support of the BRHC's new Critical Care Centre.

The donation marks one of the largest contributions received this year and will make a lasting impact region-wide, with Brandon having the only Intensive Care Unit between Winnipeg and Regina on the Trans-Canada highway. "We are incredibly grateful to Chemtrade for their commitment to our mission," said Stacy Senkbeil, BRHC Foundation Board Chair. "Their support helps us continue our work in enhancing care and community impact at the BRHC, and it sends a strong message about the power of local partnerships." Chemtrade Logistics has a long history of giving back to the Brandon Regional Health Centre. This latest contribution reflects their ongoing dedication to making a positive difference in the community.

Jeremy Gaudry, Plant Operations Manager, says "Chemtrade has had different ownership throughout the years, including CanOxy, Nexan, and Canexus, but we have always looked for different ways to help support the community that we operate in. We have been long time supporters of the BRHC and recently found out from Jessica that the new Critical Care Center needed support, to raise enough funds to finish off the project. Our staff, our families and community members all rely on this care when in need, so it was an easy decision for us. We are very excited to help the capital campaign reach its goal and look forward to the great care that this center will provide. We hope this also gets some other business's thinking and reaching out to the Foundation, to see how they can help as well."
